The teamsters came on a few days and started across the place with the y loads, cutting up the fields badly. r. Berry at once tried to stop the until a satisfactory arrangement d be made about the right-of-way in order to accomplish this he had to e a lock on the gate and refused to he teamsters out. Later some of the ials of the telephone company ar- d and put up a forfeit of $20 to have eams released and satisfactorily ar- ed for the distribution of the balance e poles.

MONEY GOES TO HOSPITALS

At the regular meeting of the local Ministerial Association held yesterday, it was decided to devote the offering, which will be taken at the Union Thanksgiving service to be held in opera house hall, Thanksgiving morning, to hospital work.

The money will be divided between the Memorial hospital at Monongahela and the McKeesport hospital. Arrangements have been about completed for the service, which promises to be quite a success. Rev. Jamieson, of the United Presbyterian church, will preach the sermon.

The Dana Entertaining Party.

This evening the Dana Entertaining Party, consisting of Alex W. Johns, bass solist, E. W. Curry, pianist, and Samuel F. L. Snyder, reader, will appear at the First Presbyterian church, under the auspices of the Y. P. S. C. E. Everywhere this group has appeared they have been spoken of in the highest terms by both press and public, and Monessen music lovers are offered a splendid opportunity of spending a pleasant evening.

Lost a Finger.

J. C. Cadwallader, a carpenter employed at the Pittsburg Steel Mill, met with a painful accident yesterday morning, which resulted in the loss of one of the fingers of his right hand. While at work his hand was in some manner caught in a saw, and the finger was cut off close to the hand.

A Correction

In yesterdays issue we stated that Herbert Labadie's "Faust" would be presented at the local theatre Thursday evening. This was an error as it appears Saturday Nov. 24 instead.

GEORGE HARRIS PASSES AWAY

One of the Oldest Citizens of Rostraver Township and a Pioneer of Monessen Succumbed Early This Morning.

Geo. Harris, one of Rostrever township's oldest citizens and a pioneer of Monessen, died at 5 o'clock this morning at his home on Rostraver street aged 74 years. His death was due to a paralytic stroke which he suffered Sunday evening. At noon yesterday he recovered consciousness but almost immediately grew worse, death finally relieving his suffering. Deceased was widely known throughout the community and his death comes as a shock to his friends who were legion. For a man of his age he had been enjoying extremely good health of late. Mr. Harris was born and raised in Rostraver township. He moved to Monessen when the town was in its infancy and engaged in the stone quarry business with which he was identified at the time of his death. He is survived by a wife and six children, three sons and three daughters, all of whom are married. They are Joseph and Geo. Jr. of Little Redstone, Fayette Co., Levi, of this city and Mrs. Rebecca Gaskill, a widow, of Pittsburg. Mrs. John Saddler of Webster and Mrs. Milton Wilkes of Perryopolis. He is also survived by a brother, Joseph Harris of McMahon Boro. The arrangements for the funeral have not been completed.

One of the season's best attractions, "The Flaming Arrow" at the opera house tonight.

PROGRAM IS COMPLETE

Everything is Ready for Winter Sessions of Coal Mining Institute of America to be Held in December.

The winter meeting of the Coal Mining Institute of America will be held at the court house in Pittsburg, Dec. 18, 19 and 20. Fred C. Keighley, president, has completed the program. It is an especially good one, a number of the most noted mining men in the country having papers to read.

It is likely that the institute will be honored by the presence of several distinguished visitors who will in all probability give short talks on coal mining and coke manufacturing.

The Committee appointed to take up the question of the revision of the present bituminous mine law of Pennsylvania will make a report during one of the days of this winter meeting, therefore a full attendance of the members of the institute is particularly requested.

A good many people are using Hyomei these days. It is the only guaranteed cure for catarrh, where you get your money back unless it cures. Druggist Miller has the local agency.

CHARLEROI WOMEN SCRAP OVER A "YALLER DOG"

Common Little Mongrel Caused an Exciting Hair Pulling Match Which Wound Up by one of the Scrappers Being Fined.

A little "Yaller Dog" was the innocent cause of a lively scrimmage and hair pulling match between two Slavish women of Charleroi yesterday.

The scrap was pulled off between Mrs. Annie Sesolo and Mrs. Sarah Sdavisky on Lookout street and was a warm one while it lasted. It appears that one of the families was the owner of a pet cur and it became a nuisance to the other family who lived close by. The two women became engaged in a quarrel about the dog and with but a few words they flew at each other and the hair began flying in all directions. The two female warriors fought for nearly a half hour, neither being willing to run up the white flag. A number of bystanders were attracted to the scene and finally had to separate the women, who were minus a goodly amount of hair, and came out with loosely arranged clothing. The scrimmage resulted in a suit in which Mrs. Sdavisky was the defendant. The case was heard today before Justice S. E. Wilson, who fined Mrs. Sesola $1 and costs and reprimanded her for letting her "Yaller Dog" pester the neighbors.

THE WELSHES AT THE "STAR"

James and Ecilia Welsh in an extremely funny comedy sketch made the hit of the season at the Star theatre last night. Their act kept the audience in an uproar from beginning to end, and judging from the way the popular little playhouse was crowded at each performance, last night, they will play to an immense week's business. Guy Stone, the Irish minstrel, does a refined musical act, and his work pleased the Star patrons. He is an artist of no mean ability.

Miss Josephine Woods in the illustrated song, was liberally applauded. The motion pictures are excellent. As usual the program will change Thursday evening.

Sign of a Trained Nurse.

"I used to wonder why it was that I noticed so many young women lugging suit cases all over town" said the man on the street corner. "At first I thought perhaps they were independent young persons who were on their way to the Grand Central station or to the ferry-boats to take trains, but then I noticed them in parts of the town where they couldn't possibly be making for a railroad station, since they were going in the wrong directions. Now I have learned who these women are. Most of them are trained nurses. When they leave the hospitals or their homes to attend a case they pack their uniforms and other necessaries in these suit cases, which they carry with them. So when you see a young woman carrying a suit case and bound in a direction away from a boat or railroad station it's very likely she's a trained nurse and is either starting out to attend a case or is returning from one."—New York Press.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure.

If it's painful periods with women, same cause.

If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

Where You See the Oldest Trees in the World

IMAGINE this if you can—8 square miles of forest, containing 3000 trees measuring over 300 feet in height and 50 feet around When you consider that every one of these trees is as high as the ordinary city skyscraper of today, and that there are 3000 of them in this one forest, you have only a vague idea of the sight before you as you ride among them and look up among their branches Even these are larger than any trees near your home Expert estimate places the age of these trees at 8000 years. They were growing before the pyramids of Egypt were built The

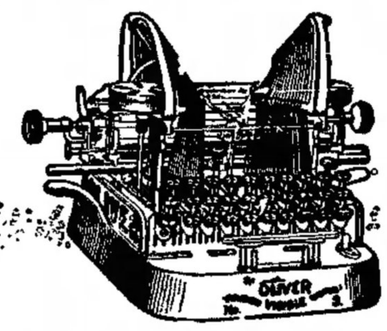
THIS TYPEWRITER DELIVERS THE GOODS

It's the Oliver—the Standard Visible Writer.

The Oliver Typewriter is just like an athlete stripped for a race.



It is free from unnecessary multiplicity of wires and springs

No net work of flimsy keys to get tied into hard knots

The nimble fingered stenographer can put talk into type with this machine just as rapidly as she takes your dictation.

For no matter how swiftly she writes, she can see just what she's doing

The keyboard is so wonderfully responsive to the touch of the finger tips that speed comes without effort.

The factors that make for speed are its visible writing, its light, elastic key-touch, and it's all 'round simplicity. It has the fewest possible wearing points, and it prints with a downward stroke.

The
OLIVER Typewriter

THE STANDARD VISIBLE WRITER

is a flawless piece of mechanism, combining the strength of tested steel with the perfect adjustment of the works of a watch. You can use an Oliver a life time and the type will not lose alignment

It never suffers from nervous prostration; requires only a little oil and plenty of exercise to keep it at the highest point of efficiency.

The hum of Oliver Typewriters is heard in the most progressive business houses in the land. Sales increasing at a phenomenal rate. Get acquainted with the Oliver! Write for the Oliver book—we send it free with our compliments.

WILL GET ASYLUM

Grand Jury Recommended Erection of Institution on County Farm For Westmoreland's Insane.

At Greensburg Saturday the grand jury made its presentment and recommended the erection of an insane asylum on the county home farm, as the requirements of the institution demand it. This makes the second or third grand jury to recommend the building. This is all that is required by law and the matter will now be presented to the courts for final action. It is more than likely that the asylum will be erected. The grand jury also recommended the erection of an electric power house on the county home farm to furnish light and heat for the county buildings, including the new court house.

Sea Otter Skin.

The furrier was taking his stock out of the cold storage room. It came forth frozen stiff and coated with glistening white frost. But there was one beautiful skin that, though just as stiff as any of the others, had no frost on it. "I want you to look at this skin," he said. "It is the kind that the richest Russians, grand dukes, and so on, have their overcoat collars made of. It is a sea otter's skin, and it is so expensive that often one coat collar of it will cost $300. It is unquestionably the best skin in the world to make coat collars of. Why? Look at this one, and you'll see. All my other skins are covered with frost, while on this fur no frost whatever appears. And that's the reason why sea otter skins make the best coat collars. The breath, for some unknown reason, doesn't freeze on them."—New York Press.

Karo

CORN SYRUP

The Syrup of Purity and Wholesomeness.

Karo Corn Syrup is not a prepared food. It is an unadulterated essence extracted from that portion of the kernel of the corn which contains the strength-giving, energy-producing, and flesh-forming elements of that cereal.

Just the pure sweetness and goodness of the corn put up in the cleanest manner—that is Karo Corn Syrup. It is Nature's product, pure, simple and healthful, with a flavor sweeter than honey. The best syrup for home use. The children thrive on it.

Karo Corn Syrup is sold by the grocer in friction-top tins, which saves the waste and contamination of the old-style method of buying from the barrel by measure.
